LILLUOKALANI.

The Ex-Queen Arrives at San Francisco from the East.

Ex-Queen Liliuokalani of Hawaii is in San Francisco. She arrived the night of the 10th inst. from Washington, D. C., and is staying at the California Hotel. Her appearance in that city at this juncture causes speculation as to her purpose. She will be there for some time, and will not for the present define the purpose of the visit which it is presumed she intends to make to Honolulu. So says the Examiner.

The Queen was met at Benicia by Samuel Parker and Mr. Sheldon. At the Oakland mole a carriage was in waiting for the ex-Queen. She was joined there by Colonel George W. Macfarlane and General R. H. Warfield.

Her suite of rooms was decorated with flowers and evergreens by Miss Widemann, Mrs. Macfarlane and other friends who were at the hotel to welcome her on her arrival.

Liliuokalani was clothed in a dark silk suit and wore an immense hat covered with black feathers and several red roses. She was looking extremely well, and if at all inclined to submit to an interview was prevented from doing so by Mr. Parker. Julius A. Palmer, her confidential secretary, has not come to the Coast with her. Her only traveling companions were Mr. and Mrs. Joseph Heleluhe. Mr. Heleluhe is represented to be her business agent.

It cannot be stated positively that she is going personally to Honolulu. Colonel Macfarlane said that he was still in ignorance of her intention on that point. It is certain that she will remain in San Francisco to await the arrival of the Princess Kaiulani, her niece and the daughter of A. S. Cleghorn. The Princess is to leave England for the United States on October 9 and will be due in San Francisco en route to the islands on October 21. Her father will accompany her, also Mr. and Mrs. T. H. Davies.

The Call says her ex-Majesty is exercised and distressed over unwarranted statements made and inferences drawn by representatives of two San Francisco journals, by whom it was suggested that she had practically retired from the fight, would pool her chances with those of Princess Kaiulani, and hope for a respectable pension on which to maintain her dignity during a future residence in Hawaii. She endorsed a statement, which is signed by Heleluhe and published, in contradiction of such reports. The secretary says in part: "The Queen has not ceased, from her arrival in this country, to point out to the American Government the gross outrage committed upon her and her people by her dethronement by a clique assisted by American arms, and one of her last acts before leaving Washington to come here was to present to President McKinley various petitions from her people protesting against annexation and asking for a restoration of their beloved Queen."

Liliuokalani is herself reported by the Call as saying: "In one sense I consider myself the servant of the Hawaiian people. They love me. I respect their wishes. I would not have them infer from these injurious newspaper articles that I would think of disregarding their desires in my behalf in order to obtain some financial consideration."

Apenta Never Fails!

The hundreds of sufferers from constipation in this country compel one to believe that nature needs assistance to overcome the torpidity of the liver, which in most cases is the sole cause of constipation.

EVERY

When a person is suffering from headache or a feeling of fatigue, the chances are ten to one that the liver is inactive. A few doses of APENTA WATER will invariably bring about a most satisfactory result.

DOSE

APENTA WATER is a true spring water obtained from a spring at Buda Pest, and has not been artificially treated. The taste is not unpleasant, the dose small and the effect positive.

EFFECTIVE.

The price of APENTA WATER is very reasonable. The large bottles at 25 cents are the exact size of most mineral waters that sell at 50 cents. Trial bottles are sold at 15 cents. You should give it a trial.
